

When you create a new idea, there are a few things you can do to ensure that everyone understands it. A well-formed idea will reduce obvious questions and will be more engaging. The result? Great and in depth conversation and voting!

Template

Idea Details:

[Elaborate or explain the idea in as full detail as possible]

[Add screen shots, video and images to enhance the description]

Version Or Release:

[The version or release, if applicable]

Process:

[Describe the process, end to end]

Gap:

[How does this fill the gap in the process or outcome?]

Benefits:

[What are the benefits realized by implementing the idea?]
